

## ***STS Clear Corrosion Coupon Rack - PN182-PVC***

- The STS PVC Clear Corrosion coupon rack is designed to help monitoring corrosion rates more effortless.
- The set comes pre-assembled consisting of 1" PVC Clear Schedule 40 pipe and Schedule 80 PVC fittings.
- The set includes foam covers to help ensure minimal exposure to light.
- A nylon brush is included to help maintain the clear PVC piping.
- The STS PVC Clear Corrosion coupon rack comes standard as a 2 position coupon rack. An optional 4 position add-on is available for multi-metallic systems.
- 1" Stainless steel STS Filter mate flow indicator is integrated into the design to help ensure constant water flow. As well as to maintain the flow rate between 7-11 gpm (28 –42 lpm)
